Use cautious judgment when cleaning up spill. Wear suitable protective clothing, gloves, and eye/face protection. Eliminate sources of ignition and ventilate the area. Avoid inhalation of vapors; use an appropriate respirator.

6.2 Environmental precautions

Contain and collect spillage as per local regulations. Keep out of drinking water supplies, sewers, storm drains, surface waters, and soils.

6.3 Methods and material for containment and cleaning up

Methods and material for containment and cleaning up: Contain and absorb spill with inert inorganic non-combustible, material, such as sand or earth, and remove it to a container for disposal according to local regulations. Clean the surface thoroughly to remove residual contamination. Avoid open flames or sources of ignition (e.g. pilot lights on gas hot water heater). Ventilate area and wash spill site after material pickup is complete. Dispose of in accordance with current laws and regulations.
